HALADINAR offers its customers last mile courier delivery and fulfilment service in Singapore and the Asean region.

Singapore: HLD Technology Pte Ltd which is headquartered in Singapore, and which manages an e-commerce platform, HALADINAR, has forged a strategic business partnership with Roadbull Logistics Pte Ltd, also headquartered in Singapore.

Through this partnership, HALADINAR and Roadbull Logistics will provide warehousing, logistics and supply chain solutions, as well as last mile courier delivery service. Merchants, suppliers and manufacturers on the HALADINAR platform have a one-stop warehousing solution and door-to-door delivery service in Singapore and the Asean region through Roadbull.

With state-of-the-art technologies managing its warehousing and in-house smart systems that utilise Artificial Intelligence to seamlessly streamline the supply chain, our customers will enjoy faster, more reliable and more efficient warehousing solutions and deliveries.

HALADINAR is a global platform and online decentralized marketplace designed to serve both the Muslim and non-Muslim communities throughout the world. Goods and services in the HALADINAR Marketplace are Halal, Thoyiban and Mubarakan. Through blockchain technology, manufacturers, merchants, suppliers, traders, buyers, sellers and consumers are brought together on HALADINAR, a unifying and inclusive marketplace.

ROADBULL has been providing superior technology-based last mile fulfilment and local courier solutions since October 2015. Roadbull has invested heavily in building automated sorting machinery, warehousing solutions, a large fleet of delivery vehicles and a strong team to support the whole business with many satisfied global customers in the Asean region.
